Re: Update to Electronic Filing and Posting of Notice of Determination for June 2021 Revised Addendum to the May 2017 EIR for the Tesoro Los Angeles Refinery Integration and Compliance Project

Dear Ms. Vaba:

This morning, Ryan Banuelos of my staff uploaded to OPR's ceqanet website a Notice of Determination for the June 2021 Revised Addendum to the May 2017 EIR for the Tesoro Los Angeles Refinery Integration and Compliance Project which was prepared in accordance with South Coast Air Quality Management District's ("South Coast AQMD's") role as Lead Agency pursuant to Public Resources Code Section 21152(a).

After uploading, I noticed that there was a typo in the project description that needed to reflect today's date of certification (e.g., September 15, 2021) in lieu of a placeholder of "August XX, 2021". Please let this letter serve as a formal request to replace the previously uploaded Notice of Determination with the attached updated version reflecting the certification date of September 15, 2021.

Apologies for the mix-up on our part. If you have any questions regarding this request, please call me at (909) 396-2716. Thank you for your kind attention regarding this matter.

Sincerely,

A handwritten signature in black ink that reads "Barbara Radlein".
