RE: ENVIRONMENTAL DOCUMENTATION for
GPA13-001 (Cycle 5 2014-2021 Housing Element Update)

Dear Ms. Anderson:

Enclosed are the original and one copy of the Notice of Determination for the above referenced project, along with the required fees.

Due to the delays that the thirty (30) day posting period causes to our processing, we ask that one of the duplicates be stamped with the filing date and returned to us when received by your office.

Thank you for your consideration in this matter. I may be reached at (951) 765-2392.

Sincerely,

Carole Kendrick

FILING OF NOTICE OF DETERMINATION IN COMPLIANCE WITH SECTION 21152 OF THE PUBLIC RESOURCES CODE.

GPA13-001 (Cycle 5 2014-2021 Housing Element Update)

PROJECT TITLE

2010061088	Deanna Elliano	(951) 765-2375
State Clearinghouse Number	Lead Agency Contact Person	Telephone Number

Citywide, in the City of Hemet, County of Riverside, State of California

PROJECT LOCATION

A City-initiated proposal to adopt the revised Housing Element of the Hemet General Plan updating the current Housing Element in accordance with State mandated requirements for the 2014-2021 housing element cycle, and consideration of an Addendum to the Final Environmental Impact Report for the Hemet General Plan 2030 regarding potential environmental impacts.

PROJECT DESCRIPTION

This is to advise that the City of Hemet City Council approved the above referenced project on January 14, 2014, and has made the following determinations regarding the above described project:

Lead Agency - City of Hemet

On January 24, 2012, the Hemet City Council adopted a Final Environmental Impact Report (FEIR) for the Comprehensive General Plan Update, which included the Cycle 4 (2008-2013) Housing Element. The proposed Housing Element (Exhibit 1 to Attachment 1) is for the Cycle 5 (2014-2021) planning period. The Cycle 5 Housing Element involves only minor changes and additions to the Cycle 4 document and to the environmental conditions under which it would be implemented. Following a preliminary review, the City determined that the Cycle 5 Housing Element is subject to CEQA review (Public Resources Code Sections 21000-21177) and prepared an Addendum to the General Plan FEIR (Exhibit 2 to Attachment 1) to analyze the potential impacts associated with the Housing Element

**CITY OF HEMET DRAFT GENERAL PLAN UPDATE
DRAFT PROGRAM ENVIRONMENTAL IMPACT REPORT**

State Clearinghouse No. 2010061088

FILED
RIVERSIDE COUNTY

SEP 29 2011

LARRY W. MEYER
CLERK

M. Meyer
Deputy

The City of Hemet is pleased to announce the public release of the Draft 2030 General Plan Update and the Draft Environmental Impact Report (EIR).

PROJECT LOCATION: The City of Hemet is located in the San Jacinto Valley in western Riverside County, California. Regional access is provided by State Routes SR 74 and SR 79, and Domenigoni Parkway. The Planning Area for Hemet's General Plan encompasses 28.3 square miles within the City's corporate limits, as well as 37 square miles within the City's existing Sphere of Influence, and 32.1 square miles in the remaining portion of the City's Planning Area, primarily located west and south of Hemet and including the area around Diamond Valley Lake.

PROJECT DESCRIPTION: The proposed City of Hemet 2030 General Plan provides comprehensive, long-term policy guidance for the overall development of the City for the next twenty year period. State law requires each city and county in California to prepare a general plan that must be geographically comprehensive and addresses all topics and issues relevant to the future planning and physical development of the city. In order to address changes in the existing community since the current General Plan was adopted in 1992, and to respond to changes in the legislative and regulatory environment, the City prepared this comprehensive General Plan Update. The Hemet General Plan contains the following state mandated and optional elements: Land Use, Community Design, Circulation, Community Services and Infrastructure, Public Safety, Open Space and Conservation, Recreation and Trails, Historic Resources, Art and Culture, and Housing. Additionally, the General Plan includes a chapter on Implementation and appendices on Hemet's approach to Sustainability and Achieving a Healthy Community.

THE DRAFT ENVIRONMENTAL IMPACT REPORT (EIR): The Draft EIR evaluates the physical environmental impacts that would occur as a result of the eventual build-out of the land use plan and implementation of the General Plan. An EIR is a public information document that presents environmental impact analysis, identifies feasible measures to mitigate significant impacts, and presents feasible alternatives that can reduce or avoid significant environmental effects. The Draft EIR was prepared to provide a program level of analysis in compliance with the California Environmental Quality Act of 1970 (CEQA) and the State CEQA Guidelines (California code of Regulations Section 15000 et seq.), as well as relevant case law. The Draft EIR describes significant impacts related to agricultural resources, air quality, greenhouse gas emissions, noise, traffic and utilities. A review of Cal/EPA databases indicate that there are five sites in the City and Planning Area listed on the "Cortese List", as defined in Government Code Section 65962.5, that are currently being investigated or remediated.

PUBLIC REVIEW: The Draft Environmental Impact Report and the Draft 2030 General Plan are available for public review on City's website at www.cityofhemet.org under the General Plan Update link. A computer disc of the documents may also be obtained from the City of Hemet Community Development Department. Copies of the documents are available for review at the following locations during regular business hours:

City of Hemet
Community Development Department
Planning Division Counter
445 East Florida Avenue
Hemet, CA 92543

Hemet Public Library
300 East Latham Street
Hemet, CA 92543

PUBLIC REVIEW PERIOD: The required 45-day public review and comment period for the Draft Environmental Impact Report will begin on September 30, 2011 and will end on November 14, 2011. The City will respond in writing to all written comments pertaining to the adequacy of the Draft EIR received no later than 5:00 pm on November 14, 2011. Please send your written comments to:
