-----	---

SUBJECT: Filing of Notice of Determination in Compliance with Section 21108 or 21152 of the Public Resources Code.

Project Title: Addendum No. 1 to the Mitigated Negative Declaration for Master Water Plan (District Project No. C133656)		
State Clearinghouse Number (If submitted to SCH): 2006091110	Contact Person: Scott Lynch, Principal Engineer	Telephone Number: 951-685-7434
Specific Project Location – Identify street address and cross street or attach a map showing project site (preferably a USGS 15’ or 7 ½’ topographical map identified by quadrangle name): The alignment traverses through or along the boundaries of Sections 3 and 10, Township 2 South, Range 6 West, San Bernardino North 7.5’ USGS topographic quadrangle, San Bernardino Base and Meridian.		
General Project Location (City and/or County): City of Jurupa Valley in the County of Riverside		
Project Description: The Lindsay Reservoir project component of the 2006 Master Water Plan evaluated in the MWP IS/MND included a 42-inch diameter water transmission main pipeline within the existing roadway right-of-way (ROW), of Campbell Street from the Lindsay Reservoir site to a connection point in Bellegrave Avenue and within Bellegrave Avenue from Campbell Street to Etiwanda Avenue. However, subsequent planning of the pipeline alignment resulted in the relocation of the pipeline from Campbell Street to Lindsay Street. From the intersection of Bellegrave Avenue and Lindsay Street, the pipeline alignment remains unchanged and will continue to a connection point near Van Buren Boulevard. The Modified Project consists of construction and operation of a 42-inch diameter potable water pipeline within the existing roadway right-of-way (ROW) of Lindsay Street from the Lindsay Reservoir site to a connection point in Bellegrave Avenue. The pipeline will be approximately 7,075 linear feet in length. The majority of the proposed pipeline will be constructed using traditional trenching techniques. Trenchless methods (e.g., jack and bore) will be used at the drainage feature and SR-60 freeway crossing to install the pipeline beneath these facilities. All staging and stockpiling areas will be within the footprint that was previously analyzed for the Lindsay Reservoir project in the MWP IS/MND, or within the new Lindsay Street ROW alignment.		

This is to advise that the (Lead Agency or Responsible Agency) approved the above described project on: October 23, 2023, and made the following determinations:

1.	<input type="checkbox"/>	The project will have a significant effect on the environment.
	<input checked="" type="checkbox"/>	The project will NOT have a significant effect on the environment
2.	<input type="checkbox"/>	An Environmental Impact Report was prepared and certified for this project pursuant to the provisions of CEQA and reflects the independent judgment of the Lead Agency.
	<input type="checkbox"/>	A Negative Declaration was prepared for this project pursuant to the provisions of CEQA and reflects the independent judgment of the Lead Agency.
	<input type="checkbox"/>	A Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA and reflects the independent judgment of the Lead Agency.
	<input checked="" type="checkbox"/>	An Addendum to the MND was prepared for this project pursuant to the provisions of CEQA and reflects the independent judgement of the Lead Agency.
3.	<input checked="" type="checkbox"/>	Mitigation measures were made a condition of the approval of the project.
	<input type="checkbox"/>	Mitigation measures were NOT made a condition of the approval of the project.
4.	<input checked="" type="checkbox"/>	A Mitigation Monitoring or Reporting Plan was adopted for this project.
	<input type="checkbox"/>	A Mitigation Monitoring or Reporting Plan was NOT adopted for this project.
5.	<input type="checkbox"/>	A Statement of Overriding Considerations was adopted for this project.
	<input checked="" type="checkbox"/>	A Statement of Overriding Considerations was NOT adopted for this project
6.	<input checked="" type="checkbox"/>	Findings were made pursuant to the provisions of CEQA.
	<input type="checkbox"/>	Findings were NOT made pursuant to the provisions of CEQA.
7.	<input checked="" type="checkbox"/>	This certifies that the location and custodian of the documents which comprise the record of proceedings for the Final EIR (with comments and responses) or Negative Declaration are available to the general public at the following location(s):
