PROJECT TITLE: Multi-Sport Complex and Southeast Industrial Annexation Area Project, Rezoning Ordinance Adoption

PROJECT APPLICANT: City of Elk Grove

PROJECT LOCATION: Elk Grove California, Sacramento County

PROJECT DESCRIPTION: There are four parts of the revised Project description that are the focus of analysis in this SEIR: (1) a change in the planned future land uses within the Project area; (2) additional information related to infrastructure improvements that will be necessary to serve the Project site; (3) the establishment of General Plan and rezoning for a Phase 1 annexation and adoption of a Specific Plan; and (4) consideration of the annexation application for Phase 1 of the Project. Although a multi-sport complex could still be developed through the City's conditional use permit process, the SEIR evaluates development on the City-owned 100-acre parcel with Light Industrial uses. The amount of mixed General Commercial and Commercial Office uses would be reduced, and a new use would be added, Regional Commercial, which typically consists of a unified shopping center with major anchor stores. The SEIR also includes an analysis of several off-site drainage improvements.

This NOD specifically addresses the adoption of the Ordinance (second reading) establishing Rezoning for the Phase 1 Project Area.

This is to advise that on **February 10, 2021**, the City of Elk Grove City Council has approved the above described project and has made the following determinations regarding the above described project.
