Present Land Use/Zoning/General Plan Designation:

Public ROW; OS; OS-40 ac (Open Space-40-acre minimum parcel size); Residential and Commercial along pipeline alignments.

Project Description: (please use a separate page if necessary)

The interconnection project is a joint project between the Calleguas MWD and Las Virgenes MWD. The project is of mutual benefit and would improve system reliability. The project is considered a cost-effective means of receiving potable water for customers of both agencies, if either agency experiences either a complete or partial supply outage not significantly affecting the supply of the other agency. The project includes >11,000 feet of 30" diameter pipeline, >2,000 feet of recycled water pipeline, a potable water pump and pressure regulating station, and associated appurtenances.
