Project Title: Addendum to the West of Hills Northern Pipelines Project Environmental Impact Report (EIR)

Project Location: El Cerrito, Contra Costa County (see attached Exhibit A map)

Project Description: The Wildcat Pipeline (El Cerrito) Project (Project) is one of four water transmission pipelines in the certified West of Hills Northern Pipelines Project EIR and includes construction of approximately 13,500 feet of 48-inch pipeline to be located in Hill Street, Richmond Street, Lincoln Avenue, Norvell Street, Fairmount Avenue, Behrens Street, C Street, Ashbury Avenue, and Lynn Avenue in City of El Cerrito. A revised pipeline alignment (revised Project) includes construction of approximately 13,650 feet of 48-inch pipeline to be located in Hill Street, Richmond Street, Lincoln Avenue, Clayton Avenue, Central Avenue, Ashbury Avenue, and Lynn Avenue; where the revised portions of the alignment not previously analyzed in the EIR consist of 2,910 feet of pipeline located in Lincoln Avenue, Clayton Avenue, Central Avenue, and Ashbury Avenue. EBMUD completed an Addendum to the West of Hills Northern Pipelines Project EIR to address environmental impacts associated with the revised alignment. An evaluation was conducted, and it was determined that the revised alignment does not result in new significant impacts or cause an increase in the severity of previously identified impacts as presented in the certified West of Hills Northern Pipelines Project EIR. EBMUD will implement the same mitigation measures for the revised Project that are presented in the certified EIR.

This is to advise that the East Bay Municipal Utility District has approved the above-described project on *Lead Agency* *Responsible Agency*

March 17, 2022 and has made the following determinations regarding the above-described project.

1. The project [will will not] have a significant effect on the environment.
2. An Addendum to the Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [was was not] adopted for this project.
5. A statement of Overriding Considerations [was was not] adopted for this project.
6. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the Addendum to the Environmental Impact Report
 Negative/Mitigated Negative Declaration

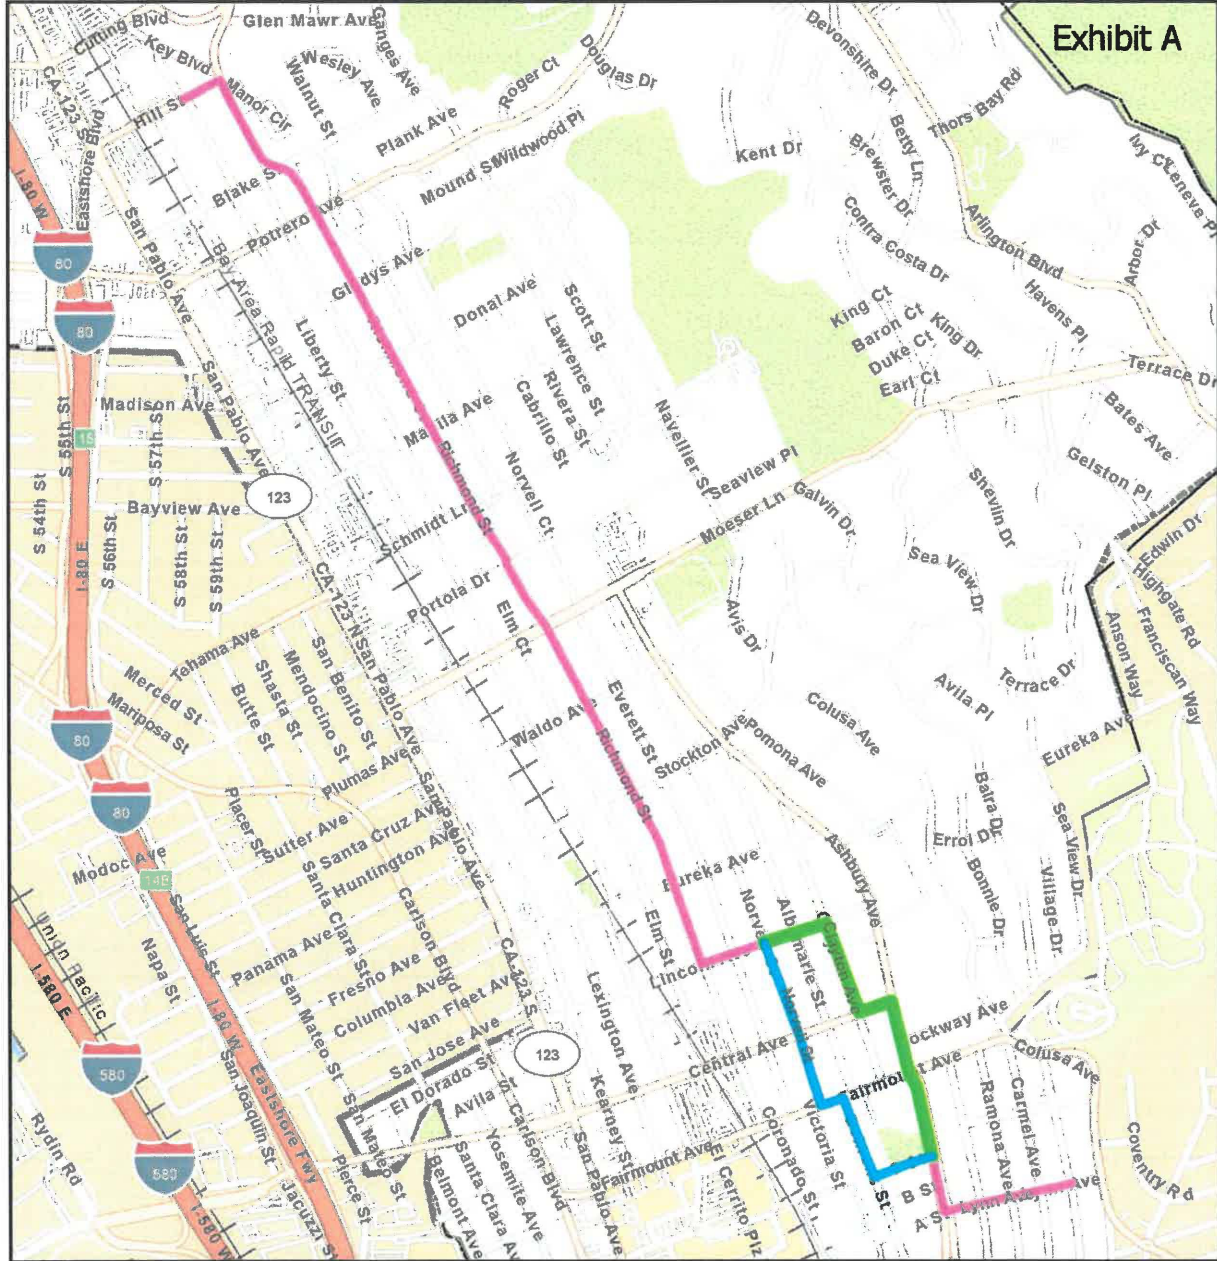

with comments and responses to the EIR and record of project approval is available to the General Public at:

West of the Hills Northern Pipelines Project - Final EIR

Project Title

2012022068 Timothy McGowan (510) 287- 1981
State Clearinghouse No. Lead Agency/Contact Person Area Code/Phone/Extension
(If submitted to Clearinghouse)

The cities of Richmond, El Cerrito and San Pablo, Contra Costa County and the city of Berkeley, Alameda County

Project Location

Project Description: The proposed Project involves the construction and operation of four water transmission pipeline segments to correct existing transmission and storage operations deficiencies, meet future water demands, improve system reliability and water quality, and improve winter time redundancy to facilitate facility outages necessary to replace or upgrade aging infrastructure. The four proposed pipeline segments are: 1) Wildcat Pipeline (Berkeley), a 48-inch diameter pipeline, approximately 1.5 miles long, located along Parkside Drive, The Uplands, Claremont Avenue, Woolsey Street, Benvenue Avenue, Stuart Street, Telegraph Avenue, Ward Street, and Dana Street in the City of Berkeley. 2) Wildcat Pipeline (El Cerrito), a 36-inch diameter pipeline, approximately 2.5 miles long, located along Lynn and Ashbury Avenues, C and Behrens Streets, Fairmount Avenue, Norvell Street, Lincoln Avenue, Richmond, Elm and Hill Streets in the City of El Cerrito. 3) Central Pressure Zone Pipeline (El Cerrito/Richmond), a 36-inch diameter pipeline, approximately 2.5 miles long, located along San Pablo Avenue from Central Avenue in the City of El Cerrito to Nevin Avenue in the City of Richmond. 4) Central Pressure Zone Pipeline (Richmond/San Pablo), a 36-inch diameter pipeline, approximately 1.9 miles long, located primarily along 23rd Street from Nevin Avenue in Richmond to Road 20 in San Pablo. Construction of both Wildcat Pipeline segments would occur over an approximately 9 to 14 month period from mid-2015 to mid-2017. Construction of both Central Pressure Zone Pipeline segments would occur over an approximately 10 to 16 month period beginning in 2021.

This is to advise that the East Bay Municipal Water District has approved the above described project on December 10, 2013 and has made the following determinations regarding the above described project.

- 1. The project [X] will [] will not] have a significant effect on the environment.
2. [X] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. [] A Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [X] were [] were not] made a conditions of the approval of the project.
4. A mitigation reporting or monitoring plan [X] was [] was not] adopted for this project.
5. A statement of Overriding Considerations [X] was [] was not] adopted for this project.
6. Findings [X] were [] were not] made pursuant to the provisions of CEQA.

This is to certify that the [X] Environmental Impact Report with comments and responses and record of project approval is available to the General Public at:

East Bay Municipal Water District, Office of the Secretary, Room 829, 375 11th Street, Oakland, CA 94607

Lynette M. Lewis, Secretary of the District
