Project Title: Forward Bridge Project

Project Applicant: Republic Services Inc.

Project Location (include county): 9999 South Austin Road, Manteca, San Joaquin County; 37.883728, -121.1871

Project Description:

The 0.09-acre Project includes constructing a new 23-foot-wide by 100-foot-long bridge. The bridge abutments will be located outside of waters of the state but the center bent with two 36-inch piers will be located within the existing North Fork of South Littlejohns Creek. The new bridge will be constructed at Forward Landfill to provide all weather access to the north side of the South Littlejohns Creek where a soil borrow pit is located. The new bridge will be part of an access improvement program that allows safe and low impact access and movement around the site, avoiding the need to utilize existing seasonal creek crossings which can dangerous or unusable during the winter or high flows.

This is to advise that the Central Valley Regional Water Quality Control Board has approved the above
 Lead Agency or Responsible Agency)

described project on 8/7/2024 and has made the following determinations regarding the above
 (date)
 described project.
