Re: Requested revision to recently uploaded NOD

Contact: Greg Chittick, CEQA Contractor

Lead Agency: Department of Conservation
Geologic Energy Management Division (CalGEM)
715 P Street, MS 1803
Sacramento, CA 95814-3530
(916) 445-9686

State Clearinghouse #: 2011041097

Lead Agency Project Title: Diatomite & North Midway Sunset Development IS MND,
Date Certified or Adopted: 6/15/2011

County: Kern County

CalGEM uploaded a Notice of Determination (NOD) related to SCH #2011041097 on 5/13/2024 for activities the operator is planning on conducting which CalGEM determined are within the scope of the 2011 Diatomite & North Midway Sunset Development Initial Study and Mitigated Negative Declaration. There are some clerical errors on the NOD that need to be corrected. Therefore, we would like to replace the NOD that we uploaded on 5/13/2024 with the attached revised version. The corrections are as follows:

- Removal of web links in the footer that led to a web page that does not exist. Project information can be requested as indicated in the last paragraph in the original and revised NOD.
- Replacement of the web link to the NOD that required multiple clicks to access the document. The replacement link is now a direct link to the NOD on CEQAnet.

- Revisions describing the availability of documents and the addition of another method to access them.
- The addition of the American Petroleum Institute (API) number, a unique identifier assigned to the proposed wells.

We appreciate your consideration of these revisions.

Sincerely,

greg chittick
