Determination: Pursuant to Public Resources Code Section 21166 and CEQA Guidelines 15162, 15163, and 15164, the City has determined that: (1) there is substantial evidence that none of the conditions requiring preparation of a subsequent or supplemental EIR or subsequent Negative Declaration/Mitigated Negative Declaration exist, and (2) the City will rely on the previous environmental document, which adequately addresses this project.

This is to advise that the Hearing Officer of the City of San Diego on April 3, 2024 approved the above-described project and made the following determinations:

- (1) No Substantial changes are proposed in the project which will require major revisions of the previous FEIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and,
- (2) No Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous FEIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or,
- (3) New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous FEIR was certified shows any of the following:
 - a. The project will have one or more significant effects not discussed in the previous FEIR;
 - b. Significant effects previously examined will be substantially more severe than shown in the previous FEIR;
 - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or,
 - d. Mitigation measures or alternatives which are considerably different from those analyzed in the previous FEIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

Furthermore, the City has made the following determinations:

1. The proposed project would, or would not introduce additional impacts or increase the severity of impacts beyond those already analyzed in FEIR.
2. Mitigation measures were, were not, made a condition of the approval of the project;
3. New Findings were, were not, required pursuant to CEQA Guidelines Section 15091.
4. New Statement of Overriding Considerations were, were not, required.

It is hereby certified that the CEQA 15162 Consistency Analysis Memorandum and final environmental document(s) are available to the public at the office of the City's Development Services Department, 1222 First Avenue, San Diego, CA 92101.

THE CITY OF SAN DIEGO
M E M O R A N D U M

DATE: March 26, 2024
TO: County of San Diego – Assessor/Recorder/County Clerk
FROM: James Alexander, Senior Planner, Urban Division
SUBJECT: Notice of Determination Filing for Project Relying on Previously Certified Downtown Final Environmental Impact Report

Per the attached Notice of Determination (NOD), the City of San Diego determined that the previously certified Downtown Final Environmental Impact Report (FEIR) (State Clearinghouse No. 2003041001) adequately addressed all environmental impacts for the enclosed project and that no further environmental review is required under the California Environmental Quality Act (CEQA). The Downtown FEIR was adopted by City Council on February 28, 2006.

Per the California Department of Fish and Wildlife (CDFW), only one fee is required when an existing certified EIR is used for multiple project approvals that would result in no additional effect to fish and wildlife (Cal. Code Regs. Tit. 14, § 753.5, Subd. (e)(3)). A copy of that receipt shall be attached to any additional notices of determination that may be required for the same project, which shall suffice as documentation that the fee was paid (Cal. Code Regs. Tit. 14, § 753.5, Subd. (e)(4)).

Therefore, the NOD for the enclosed project includes a copy of the original NOD for the Downtown FEIR and CDFW Certificate of Fee Exemption, filed in the Office of the County Clerk on March 17, 2006. County of San Diego Recorder/County Clerk management has confirmed that this approach is acceptable as proof of CDFW review and payment.
