

# Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: PA-1700279 (SA)

Lead Agency: San Joaquin County, CDD

Contact Name: Giuseppe Sanfillippo

Email: gsanfillippo@sjgov.org Phone Number: 209-468-0227

Project Location: Stockton San Joaquin  
*City* *County*

Project Description (Proposed actions, location, and/or consequences).

A Site Approval Permit has been submitted for the construction, operation, and decommissioning of the North Central Valley Energy Center (Project). The Project use type is classified as "Utility Services-Major" and would consist of a 132-megawatt (MW) battery energy storage system (BESS) on approximately 14.85 acres of a 57.28-acre parcel, which would include up to 300 battery storage containers (totaling up to 45,000 square feet) and associated on-site support facilities including a 11,000-square-foot Project collector substation, up to 50 inverters (totaling up to 6,500 square feet), collector lines, fencing, access roads, an operations and maintenance (O&M) building, a supervisory control and data acquisition (SCADA) system, and other ancillary facilities and equipment. The Project also includes 2 power poles and a 115-kilovolt (kV) overhead generation transmission line (gen-tie line), to connect the BESS to the adjacent Pacific Gas and Electric (PG&E) Bellota substation. A 1.52-acre expansion of the Bellota Substation footprint would also be required to support grid interconnection of the Project. (Use Type: Utility Services-Major)

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Biological Resources-Project will mitigate for impacts through the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP). When approved by the San Joaquin Council of Governments (SJCOG) as a covered activity, the Project applicant shall include Incidental Take Minimization Measures as conditions of Project approval.

Cultural Resources/Tribal Cultural Resources- Worker Environmental Awareness Program (WEAP)/Stopping work if resources are discovered. Should human remains be discovered, work shall halt in that area and procedures set forth in the California Public Resources Code (Section 5097.98) and State Health and Safety Code (Section 7050.5) will be followed, beginning with notification to the U.S. Army Corps of Engineers (if applicable) and County Coroner. No further excavation or disturbance of the site or any nearby area reasonably suspected to overlie adjacent remains shall occur until the County Coroner has determined, within 2 working days of notification of the discovery, the appropriate treatment and disposition of the human remains. If the County Coroner determines that the remains are, or are believed to be, Native American, he or she shall notify the Native American Heritage Commission (NAHC) in Sacramento within 24 hours. In accordance with California Public Resources Code, Section 5097.98, the NAHC must immediately notify those persons it believes to be the most likely descendent from the deceased Native American. The most likely descendent shall complete his/her inspection within 48 hours of being granted access to the site. The designated Native American representative would then determine, in consultation with the property owner, the disposition of the human remains.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.
