Project Location

Project Description: The proposed 2024-2032 Safety Element update conveys the County’s goals, objectives, policies, and implementation measures that minimize public health and safety hazards within the unincorporated areas of the County. The goal of the Safety Element update is to reduce the risk of injury, death, property loss, and other hardships to acceptable levels by identifying natural hazards that affect existing and future development and providing policy guidelines that protect residents, employees, visitors, and other members of the community from injury and death. The proposed 2024-2032 Safety Element describes the present and expected future conditions and sets policies and standards for improved public safety. The proposed 2024-2032 Safety Element also seeks to minimize impacts to important assets in the County, such as people; property; essential buildings, critical infrastructure, and community services; economic systems; and natural and cultural resources.
