FROM: State Water Resources Control Board
San Bernardino District Office
464 W. 4th Street, Room 437
San Bernardino CA, 92401

SCH#:

WATER SYSTEM #: 3610043

PROJECT TITLE: Operation of Golden State Water Company (GSWC) - Bradshaw Nitrate Removal Treatment Plant Project (Project)

LEAD AGENCY: State Water Resources Control Board
CONTACT PERSON: Eric Zuniga
PHONE NUMBER: (805) 566-1326

PROJECT LOCATION: 301 N. Bradshaw Dr, City of Barstow, San Bernardino County

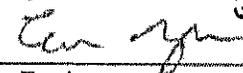

PROJECT DESCRIPTION: The GSWC proposes to install an ion exchange treatment system (IX System) to remove nitrate from water extracted from existing groundwater wells (Bradshaw Well 2, 10, and 14). Bradshaw Well 2 will be a backup source of supply in the event either Well 10 or Well 14 be out of service for mechanical/electrical issues. The proposed Project will be contained on existing GSWC property where the existing wells are located. Water pumped from Bradshaw wells 10, and 14 have a nitrate concentration of approximately 11 and 10 milligram/Liter (mg/L) respectively which exceed the Maximum Containment Levels of 10 mg/L. Nitrate treatment for Bradshaw wells 10 (1200 gallon per minute [gpm]), and 14 (1000 gpm) is required for the delivery of potable water from these wells to the distribution system. Installing treatment will allow the use of Bradshaw Wells 10 & 14 to provide potable water to existing customers.

PUBLIC AGENCY APPROVING PROJECT AND CARRYING OUT PROJECT: This is to advise that the State Water Resources Control Board (State Water Board) has determined that the Project is exempt from the California Environmental Quality Act and will issue a drinking water supply permit for the operation of the above described Project. A record of permit issuance for the Project is available to the general public at the State Water Board, Division of Drinking Water District Office noted above.

Categorical Exemption Status:

- Class 1 Existing Facilities
(California Code of Regulations, Title 14, Division 6, Chapter 3, Article 19, Section 15301)
- Class 2 Replacement or Reconstruction
(California Code of Regulations, Title 14, Division 6, Chapter 3, Article 19, Section 153012)
- Class 3 New Construction or Conversion of Small Structures
(California Code of Regulations, Title 14, Division 6, Chapter 3, Article 19, Section 15303)
- Class 4 Minor Alterations to Land
(California Code of Regulations, Title 14, Division 6, Chapter 3, Article 19, Section 15304)
- Class 6 Information Collection
(California Code of Regulations, Title 14, Division 6, Chapter 3, Article 19, Section 15306)

Reason why Project is exempt: The Project involves adding treatment to an existing facility and involves negligible expansion of use beyond that existing at the time of the lead agency's determination.

CEQA Notice of Exemption

To: County of El Dorado, Recorder-Clerk's Office
360 Fair Lane
Placerville, CA 95667

From: El Dorado County
Department of Transportation
2850 Fairlane Court
Placerville, CA 95667

Project Title: Sierra Springs Regional Fire Safe Council – Roadside Fuel Hazard Reduction

Project Location – Specific: The project is located within the Sierra Springs Regional Fire Safe Council service area boundary, along roads that are simultaneously within El Dorado County rights of way located approximately 1 mile south of U.S. Highway 50, in the community of Pollock Pines, El Dorado County (See Attached Map).

Project Location – City: Unincorporated

Project Location – County: El Dorado

Description of Project: This project will plan and perform strategic fuels reduction of roadside vegetation for public safety on all roads within the Sierra Springs Regional Fire Safe Council service area boundary within and outside of the Sierra Springs community/HOA. Many of the roads targeted for the roadside fuel hazard reduction program serve as primary evacuation routes in the event of a wildfire. These efforts by various contractors include removing trees up to ten inches in diameter and cutting back and trimming vegetation within these County rights of way to reduce the potential for wildfires in the area to allow for safer ingress and egress.

Name of Public Agency Approving Project: El Dorado County Department of Transportation

Name of Person or Agency Carrying Out Project: Sierra Springs Regional Fire Safe Council

Exempt Status: (check one)

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a);
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c);
- Categorical Exemption. State type and section number: Sec. 15301, Class 1(c)
- Statutory Exemption: State Code Number: _____

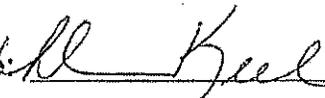

Reasons why project is exempt:

The project consists of maintenance in the form of fuel reduction, within the existing roadway - no grading will occur, and no impacts will occur to waterways or affect natural habitats.

NOTICE OF EXEMPTION

2019018343

TO: Office of Planning and Research
1400 Tenth Street, Room 212
Sacramento, CA 95814

FROM: Department of Forestry and Fire Protection, CalFire
1416 9th Street
Sacramento, CA 95814

Project Title: CalFire Sierra Vista Communication Tower and Facilities Replacement Project

Project Location – Specific: Sierra Vista Mountain, unincorporated Calaveras County

Project Location – City: Approximately 4 miles northeast of San Andreas, CA

Project Location – County: Calaveras

Description of Nature, Purpose, and Beneficiaries of Project:

The Department of Forestry and Fire Protection (CalFire) is proposing the replacement of aging CalFire telecommunications infrastructure with a new telecommunication tower, vaults and other supporting infrastructure within the State's Public Safety Microwave Network (PSMN) at Sierra Vista. Existing structures proposed for removal at Sierra Vista include one communication tower, an abandoned residence building and shed, a cistern, an abandoned concrete generator pad, a generator vault, a radio building, and a propane tank. Additional existing unused structures may also be identified during final engineering and removed during Project construction or cleanup. New equipment would include a new telecommunication tower with microwave dishes, a larger radio equipment vault, and a new vault to house the emergency backup generator fuel system and a propane tank. The new tower would be a self-supporting, 4-legged lattice structure (80 feet) with a 40-foot upper monopole, as well as a safety ladder, platform and an 18-foot mast and 10-foot lightning arrestor at the top. CalFire's Sierra Vista telecommunication site is an essential component of California's PSMN that transmits 911 calls and emergency instructions during major public safety incidents and natural disasters. The purpose of the Project is to maintain CalFire's essential emergency communications linkage at the Sierra Vista communication facility to support current microwave technology.

Name of Public Agency Approving Project:

Department of Forestry and Fire Protection, CalFire

Name of Person or Agency Carrying Out Project:

Terry Ash, Senior Environmental Planner, Department of General Services / Real Estate Services Division

Exempt Status:

Categorical Exemption., Class: 2 Section: 15302

Categorical Exemption., Class: 3 Section: 15303

Reason Why Project Is Exempt:

This exemption (Class 2 Section 15302(c)) allows for replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.

This exemption (Class: 3 Section 15303(d)) allows for installation and/or conversion of water main, sewage, electrical, gas, and other utility extensions, including street improvements, of reasonable length to serve such construction.

The State confirms that no exceptions apply which would preclude the use of an exemption for this project.

Project Title: Line 225 Vegetation Trimming Routine Maintenance Project (Lake or Streambed Alteration Agreement No. 1600-2018-0256-R5)

Project Location: The project is located along the Southern California Gas Company's Line 225 pipeline as it spans the Santa Clara River, within the City of Santa Clarita, County of Los Angeles, State of California; Latitude 34.4278°, Longitude -118.5756°.

Project Description: The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement number 1600-2018-0256-R5, pursuant to Section 1602 of the Fish and Game Code to Southern California Gas Company.

The project is limited to the routine maintenance of a section of the Line 225 gas transmission pipeline. The pipeline crosses, and is suspended above, the channel of the Santa Clara River. Maintenance activities include keeping a 12-foot vegetation free zone around the pipeline and its supporting structures. This maintenance will be conducted along an approximate 1,100-foot section of the pipeline. A maintenance crew will conduct these activities while suspended from the pipeline span and will manually trim vegetation.

STATE CLEARINGHOUSE

2019018290

NOTICE OF EXEMPTION

To: Office of Planning and Research
1400 – 10th Street, First Floor
Sacramento, CA 95814

From: Department of Motor Vehicles
Facilities, Construction, Repair & Maintenance
2415 First Avenue, MS A156
Sacramento, CA 91818

Project Title: City of Visalia Field Office Department of Motor Vehicles Access Barrier Removal Project

Project Location – 1711 E. Main Street

Project Location –City: Visalia

Project Location – County: Tulare

Description of Nature, Purpose, and Beneficiaries of Project:

The Department of General Services will provide design and construction for the Department of Motor Vehicles (DMV) Access Barrier Removal project at the DMV Field Office located in the City of Visalia. Design and construction includes modification of existing public and employee's toilets, replacement of drinking fountains, new room signage, ADA compliant door hardware in the path of travel and modifying employee breakroom counter to conform to the accessibility code. Also, providing accessible parking and a curb ramp to an accessible entrance.

Name of Public Agency Approving Project: Department of Motor Vehicles

Name of Person or Agency Carrying Out Project:

Clinton Sierer, Project Director, RESD, Project Management and Development Branch (916) 375-4352

EXEMPT STATUS:

CEQA Guidelines Categorical Exempt Sections 15301(a), Existing Facilities, Class 1

Reason Why Project is Exempt:

Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the agency's determination. The project will not affect historic properties. The project's alterations will not expand existing uses as they are being proposed to comply with the American's with Disabilities Act mandates. The project site is developed, situated within an urbanized district, and not located in an environmentally sensitive area. The project will not have a negligible effect on resources in the area. A project where the Lead Agency has determined a CEQA Notice of Exemption is the appropriate environmental document, California Native American tribe consultation process defined in AB52 is not required [CEQA section 21080.3.1(b)].

CITY OF OXNARD
PUBLIC WORKS DEPARTMENT
305 WEST THIRD STREET
OXNARD, CA 93030

NOTICE OF EXEMPTION

2019018285

DATE: June 11, 2018

PROJECT TITLE: WASTEWATER TREATMENT PLANT AND COLLECTION SYSTEM RESTORATION AND MAINTENANCE PROJECTS (3-5 years CIP Plan)

PROJECT LOCATION: 6001 Perkins Road, Oxnard, CA 93030

APPLICANT: City of Oxnard, Public Works, 305 W Third Street, Oxnard, California 93030.

LEAD AGENCY: City of Oxnard, Public Works, 305 W Third Street, Oxnard, California 93030.

PROJECT DESCRIPTION:

The project consists of the following repair, rehabilitation, and maintenance, and minor alterations to an existing wastewater treatment facility on a 20.2-acre property within the Coastal Dependent Industrial (CDI) zoning district.

Project includes projects that are within 3-5 years of the Wastewater Treatment Plant and Collection System CIP Plan (2017). Project consists of the restoration of manholes, installation of upgraded sewer lines for sewer deficiencies and capacity replacement, pipe repair, lift station rehabilitation, pump system rehabilitation, headworks rehabilitation, replacement of clean digesters, replacement of the belt filter presses and conveyor, Plant Motor Central Panel replacement, upgrades to electrical, installation of odor control devices, site security improvements, and storm water site improvements (Reference: City of Oxnard CIP Improvement Plan, dated 2017)

Exempt Status: (check one):

Categorical Exemption. State type and section number: CEQA Guidelines Sections 15301 and 15303

REASONS WHY PROJECT IS EXEMPT:

In accordance with Sections 15301 and 15303 of the California Environmental Quality Act (CEQA) Guidelines, projects involving "minor alteration of existing ... structures" and "construction ... of limited numbers of new, small facilities or structures" may be found to be exempt from the requirements of CEQA. As the scope of the project consists of repair, maintenance, and minor alterations to an existing facility, Staff has determined that there is no substantial evidence that the project may have a significant effect on the environment.

State Clearinghouse Number: N/A

Project Title: SCE TD1140261 and TD1320600 Arroyo Eagle Rock 66kV Deteriorated Pole Replacement Project (Streambed Alteration Agreement No.1600-2017-0197-R5).

Project Location: The Project is located within Hahamongna Watershed Park along the western edge of Devil's Gate Reservoir approximately 350 feet east of Oak Grove Drive in Pasadena, Los Angeles County, State of California; Sections 7, Township 1 North, Range 12 West, United States Geological Survey (USGS) 7.5 Minute Quad Map Pasadena, MDB&M. From Latitude 34.187948 North, Longitude -118.177514 West to Latitude 34.190792 North, Longitude -118.176896 West.

Project Description: The California Department of Fish and Wildlife has executed Streambed Alteration Agreement number 1600-2017-0197-R5, pursuant to Section 1602 of the Fish and Game Code to Southern California Edison.

The Project includes activities related to the removal and replacement of two deteriorated wooden poles (#1544747E and #1544749E) and the installation of two new interset poles (#4907415E and #4894258E) which will be accessed from an unnamed paved road and dirt roads within Hahamongna Watershed Park.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying Out Project: Southern California Edison

Exempt Status:

- Statutory Exemption.
 Categorical Exemption. Type – Class 1 (b); California Code of Regulations, title 14, section 15301

Reasons why project is exempt: The Project includes the maintenance of an existing facility (the Arroyo Eagle Rock 66kV distribution line) of a publicly-owned utility used to provide electric power, natural gas, sewerage, or other public utility services with no expansion of use. No trees will be removed. The Project will not have significant environmental impacts if it is completed under the protective features of Streambed Alteration Agreement No. 1600-2017-0197-R5.
