Present Land Use/Zoning/General Plan Designation:

Properties along the proposed project alignment: Agricultural, Residential Estate, Parking, Commercial, Multiple Family Residential, Industrial, Open Space, Warner Center Specific Plan

Project Description: *(please use a separate page if necessary)*

The proposed project would replace a portion of the existing De Soto Trunk Line and Roscoe Trunk Line. The replacement trunk lines would extend along Devonshire Street from De Soto Avenue to Mason Avenue (0.5 miles), along Mason Avenue from Devonshire Street to Roscoe Boulevard (2.6 miles), and along Roscoe Boulevard from Mason Avenue to De Soto Avenue (0.5 miles). The project would also involve trunk line replacements at the intersection of De Soto Avenue and Victory Boulevard (totaling 900 feet). The proposed project would also include installation of maintenance/access holes, isolation valves, blow-offs, air/vacuum valves, and flowmeters that are required for the operation, monitoring, and maintenance of the trunk lines. The project would increase the safety, capacity, and reliability of the City of Los Angeles potable water supply in the western San Fernando Valley area.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
