Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Capital Improvement Program

Lead Agency: San Diego Unified School District

Contact Name: Paul Garcia

Email: pgarcia4@sandi.net   Phone Number: 858-637-6290

Project Location: San Diego   San Diego
_____City_____   _____County_____

Project Decription (Proposed actions, location, and/or consequences).

> The District proposes to establish and implement its Capital Improvement Program (Proposed Program) to repair, renovate, and revitalize District schools and administration facilities. The program area includes the entire boundary of the District, which is entirely within the jurisdictional boundaries of the City of San Diego in southwestern San Diego County. The repair, renovation, and revitalization projects associated with the Proposed Program would include a wide range of future construction and operational activities on either existing school sites or administration facilities or on new, currently unidentified sites. The Proposed Program consists of eight project categories that represent typical capital improvement projects that could be implemented at any of the District's schools and administrative sites.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

> The Program EIR will address the following potential project-related and cumulative environmental effects of the proposed project: aesthetics, air quality, biological resources, cultural resources, energy, geology and soils, greenhouse gas emissions and climate change, hazards and hazardous materials, hydrology and water quality, land use and planning, noise and vibration, recreation, transportation, tribal cultural resources, utilities and service systems, and wildfire as well as any other potential impacts identified during the NOP process. If required to reduce or avoid impacts, mitigation measures will be identified in the Program EIR.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known at this time.

Provide a list of the responsible or trustee agencies for the project.

Division of the State Architect, Department of Toxic Substances Control, Office of Public School Construction, California Department of Education, City of San Diego (offsite improvements)
