Written Comments: Currently the only way out of our neighborhood is to make  
a right onto Adolfo. This is already difficult when Businesses  
let out and even more difficult if you need to go across traffic  
to get to the Shops on Verdugo. Adding the Apartments will make this  
much worse.

Written Comments: Too many cars for the area. When you  
have to have a multi-story parking building  
it is a strong indication there are going to be too  
many cars. HAVE YOU DONE A TRAFFIC STUDY??

Written Comments: I am concerned that the City of  
Camarillo will have sufficient water, power  
& roads. At this time my Village has  
power outages & water restrictions.  
How will more apartments be accommodated?

Written Comments: That is an industrial area and new homes were  
just built a block away. Traffic is getting too heavy  
Please stop building more homes until you help widen  
101 freeway to support our growing city

Written Comments: I am concerned for traffic that will be impacted  
the area of Verdugo Way & Camino Ruiz if there are 17 new  
apartment buildings — and the amount of additional water  
that will be required. Will we be able to support the needs during  
drought years
