Project Description (Proposed actions, location, and/or consequences).

The proposed project would allow for the removal of vegetation by goats at the former 11.5-acre Gothard Street Landfill.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project will remove 8 acres of unoccupied coastal sage scrub. Mitigation for this impact will be provided by the implementation of a compensatory coastal sage scrub restoration project in Crystal Cove State Park.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy associated with the proposed project are known at this time.

Provide a list of the responsible or trustee agencies for the project.
