

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Foothills 30 Major Grading Plan

Lead Agency: City of Roseville

Contact Name: Sean Morales

Email: smorales@roseville.ca.us Phone Number: 916-774-5282

Project Location: Roseville Placer
City *County*

Project Description (Proposed actions, location, and/or consequences).

The applicant requests a Major Grading Plan approval to allow rough grading in two phases at the northeast corner of Foothills Blvd. and Pleasant Grove Blvd. Phase one involves removing berms along the frontages of the two roads and phase two involves using the cut from phase one as fill to create a level pad area in the southwest corner of the site for future development. A tree permit is also requested to remove three native oak trees on the site.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project involves grading on the site and filling an existing drainage course for future development. Mitigation measures for biological impacts include pre-construction surveys for protected plant and animal species and requiring an Army Corps of Engineers 404 permit to be obtained. Mitigation measures for impacts to potential cultural resources on the site include pre-construction inspections by a tribal representative, unpaid tribal observation, contractor awareness training, and post-review discovery procedures that include stopping work within 100 feet of a find.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy known at this time.

Provide a list of the responsible or trustee agencies for the project.

- Regional Water Quality Control Board
- California Department of Fish and Wildlife
