Present Land Use/Zoning/General Plan Designation:

State-owned; occupied by a State legislature and assembly.

Project Description: (please use a separate page if necessary)

The project would demolish and reconstruct the existing 325,000 square foot existing Capitol Annex building with a new approximately 525,000 square foot building. The project would address numerous deficiencies in the existing building, including: life safety/building code deficiencies, non-compliance with Americans with Disabilities Act (ADA) standards, overcrowding, aging and failing infrastructure, and insufficient public and working space. A new underground visitors/welcome center would be located between 10th Street and the west steps of the Capitol. Existing basement parking under the Annex would be abandoned and replaced with new underground parking (approx. 200 spaces) on the south side of the Capitol.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
