To whom it may concern,

The California Department of Parks and Recreation (CDPR) is the Lead Agency under the California Environmental Quality Act (CEQA) for the Nelson Sloan Quarry Restoration Project (SCH# 2019049100) and is preparing an environmental impact report (EIR) to evaluate the potential effects of implementing the project. The purpose of this letter is to formally request that the Project name be changed to address all proposed activities. As such, CDPR is requesting that the Project name be formally changed to the Nelson Sloan Quarry Restoration and Beneficial Reuse of Sediment Project and that the revised Project name be reflected on the CEQAnet site for all postings associated with SCH# 2019049100.

Please let me know if you have any questions or comments.

Thank you,
