The California Department of Parks and Recreation (CDPR) is the Lead Agency under the California Environmental Quality Act (CEQA) for the Nelson Sloan Quarry Restoration and Beneficial Reuse of Sediment Project (SCH# 2019049100). The purpose of this letter is to formally request an extension of the public comment period to solicit additional comments on the Draft Environmental Impact Report (EIR). The Notice of Availability and Draft EIR were received by the State Clearinghouse and posted to the CEQANet database on September 20, 2021. The original comment period was Monday, September 20, 2021 and ending Thursday, November 4, 2021. CDPR formally requests that the comment period be extended to Friday November 12, 2021. No revisions have been made to the Nelson Sloan Quarry Restoration and Beneficial Reuse of Sediment Project Draft EIR document.
