

## CALIFORNIA ENVIRONMENTAL QUALITY ACT NOTICE OF DETERMINATION

To: Office of Planning and Research  
State Clearinghouse  
P.O. Box 3044, 1400 Tenth Street, Room 212  
Sacramento, CA 95812-3044

From: Department of Toxic Substances Control  
Permitting Division  
8800 Cal Center Drive  
Sacramento, California 95826

**Subject:** Filing of Notice of Determination in Compliance with Section 21108 of the Public Resources Code

**Project Title:** Hazmat TSDf Inc. Former Filter Recycling Services Inc., Hazardous Waste Facility Standardized Permit Renewal

**State Clearinghouse Number:** 1998121039

**Project Location:** 180 W Monte Ave, Rialto, CA 92316

**County:** San Bernardino County

**Project Applicant:** Hazmat TSDf, Inc.

**Project Description:** The California Department of Toxic Substances Control (DTSC) adopted an Addendum to the previous Negative Declaration and approved the Hazardous Waste Facility Standardized Permit to continue operating a Hazardous Waste Treatment and Storage Facility for Resource Conservation and Recovery Act (RCRA) hazardous waste, pursuant to authority granted under California Health and Safety Code Chapter 6.5 and California Code of Regulations, Title 22, Division 4.5, Chapter 20. The term of this permit is ten years from the date of issuance.

Hazmat TSDf Inc. (Facility) treats, stores, and disposes of hazardous waste. The wastes that are accepted by the Facility are limited to wastes that are not fully regulated as hazardous wastes under RCRA. These wastes would be considered RCRA hazardous wastes but are exempted or excluded from federal facility requirements. Additionally, Hazmat also accepts wastes that are regulated as hazardous wastes only in California. Waste types accepted include oil filters, fuel filters, empty containers, used oil, aerosol cans, absorbents, soils, and solid debris from off-site generated hazardous waste. Because the permitted activities are consistent with operations of a previously approved project, DTSC has prepared an addendum to a previously adopted negative declaration (State Clearinghouse No. 2013021041) consistent with Public Resources Code section 21166 and California Code of Regulations, Title 14, sections 15162-15164.

As Lead Agency under the California Environmental Quality Act (CEQA), DTSC approved the above-described project on August 11, 2022, and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of project approval by DTSC.
4. A Statement of Overriding Considerations was not adopted for this project by DTSC.
5. Findings were not made pursuant to the provisions of CEQA by DTSC.

The administrative record for this project is available to the public by appointment at the following location:
