 P.O. Box 3044, Room 113
 Sacramento, CA 95812-3044

FROM: Central Valley Flood Protection Board (Board)
 3310 El Camino Avenue, Suite 170
 Sacramento, CA 95821
 Jordan Robbins, (916) 524-3454
Jordan.Robbins@CVFlood.ca.gov

SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code Section 21108.

State Clearinghouse Number (SCH No.): 2019049138

Project Title: Minor Alteration No. WA2024036 – 2017 Storm Damage DWR Emergency Repairs (SDDER) - Site 91

Project Applicant: Department of Water Resources

Lead Agency/Address: Department of Water Resources, 3310 El Camino Avenue, Suite 140, Sacramento, CA 95821

Lead Agency Contact Person: Kristin Ford, (916) 574-0368

Project Location/City/County: The project is located on the waterside slope of Yolo Bypass at Unit 1 levee mile 3.20, in Solano County at the following GPS coordinates: 38°21'47.7"N 121°41'41.9"W.

Project Description: Approval of Minor Alteration No. WA2024030, under California Code of Regulations, Title 23, Article 3, Section 6, for work within an adopted plan of flood control: To repair bank erosion from the 2017 storms on the waterside slope of Yolo Bypass at Unit 1 levee mile 3.20, in Solano County. Repair activities as shown in the plans include clearing and grubbing, installation of a cofferdam, and excavation of the damaged areas to grade. An 8-foot-wide key will be excavated below the landside toe. After excavation, fill will be placed and compacted to construct the repaired slope. The fill will meet Title 23 requirements. Additional erosion control measures will be placed including a silt fence, turbidity curtain, hydroseeding, willow pole cuttings, and fiber rolls. The silt fence will be installed along the limits of work during construction to minimize sediment transport. A turbidity curtain will be used for all in-water work to limit downstream transport of sediment. The hydroseeding, willow pole cuttings, and fiber rolls will be installed upon completing the repair to minimize erosion after construction.

This is to advise that the Board, as the **Responsible Agency**, approved the above-described project on _____ and made the following determinations regarding the above-described project:

1. The project [will / will not] have a significant effect on the environment (This determination is limited to effects within the Board’s permitting jurisdiction as a responsible agency).
2. [An Environmental Impact Report (EIR) / A Mitigated Negative Declaration] was prepared by the lead agency for the original project.
3. Additional mitigation measures [were / were not] made a condition of the Board’s approval of the project.
4. A Mitigation Monitoring and Reporting Plan [was / was not] adopted by the Board for this project
5. A Statement of Overriding Considerations [was / was not] adopted by the Board for this project.
6. Findings [were / were not] made by the Board pursuant to the provisions of CEQA.

Responsible Agency Statement: The Initial Study/Mitigated Negative Declaration (IS/MND) and Addendum to the IS/MND, prepared by the lead agency for the project, is available to the general public at the lead agency’s office listed above. The Board’s administrative record related to the encroachment permit is available for public review at the Board’s office.
