

8th, Grand and Hope Project

Environmental Case: ENV-2017-506-EIR
State Clearinghouse No. 2019050010

Project Location: 754 South Hope Street; 609 and 625 West 8th Street, Los Angeles, CA 90017

Community Plan Area: Central City

Council District: 14—de León

Project Description: The Project includes the construction of a 50-story mixed-use development comprised of 580 residential units and up to 7,499 square feet of ground floor commercial/retail/restaurant space on a 34,679-square-foot site. The Project would provide 636 vehicle parking spaces within three subterranean levels and eight above-grade levels and four vehicle parking spaces on the ground floor. To accommodate the Project, an existing surface parking lot and four-story parking structure would be demolished. Upon completion, the total building floor area would be 554,927 square feet with a maximum height of 592 feet and a Floor Area Ratio (FAR) of approximately 9.25:1.
