Hello Mr. Jeffrey Beiswenger,

I represent the Department of Toxic Substance Control, a responsible agency, reviewing the Notice of Preparation for the SOMO Village Project (Relocated Water Tank component) draft Environmental Impact Report. Upon review of the document DTSC requests that the EIR discuss hazards and hazardous materials pertaining to past, current, and future uses of the project site.

Please feel free to reach out with any questions or concerns.

Best,

Ryan Ahrling
