**Project Title:** EID Vegetation Management Project-Weber Herbicide Treatment

**Project Applicant:** El Dorado Irrigation District

**Project Location (include county):** Snows Road and Highway 50, El Dorado County

**Project Description:**

The El Dorado Irrigation District Vegetation Management Project, approved in 2019, provides for vegetation management activities at four El Dorado Irrigation District (District) facilities: Weber Reservoir, Sly Parle Reaeration Area, Camp 5 Maintenance Yard, and Flume 46 on the El Dorado Canal. The vegetation management activities associated with the Project are intended to return the areas to a more managed, fire resistant condition and to protect local communities, District’s critical infrastructure, and water quality from the effects of catastrophic wildfire. Since approval of the Project, the District has completed the mechanical mastication and hand treatments on District lands on the north side of Weber Reservoir as described in the MND. The District has identified the need to add herbicide treatments to the vegetation management prescription in order to control vegetation re-sprouting in previously masticated areas, provide effective fuels management over a longer term, and reduce the frequency of re-treatment.

1. The project will not have a significant effect on the environment.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. An Addendum was prepared for the proposed changes documenting that none of the conditions described in Section 15162 requiring the preparation of a Subsequent Environmental Impact Report or Negative Declaration have occurred.
4. Mitigation measures were made a condition of the approval of the project.
5. A mitigation reporting or monitoring plan was adopted for this project.
6. A statement of Overriding Considerations was not adopted for this project.
7. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final negative declaration with comments and responses, along with the Addendum and record of Project approval, is available to the General Public at:  
El Dorado Irrigation District, 2890 Mosquito Road, Placerville, CA 95667
