Project Title: Sumner Hill Water System Improvement Project

Project Applicant: Madera County

Project Location (include county): Sumner Hill (County Service Area #16); Madera County

Project Description:

The existing water system will be improved by replacing existing treatment filters with two 175- Gallon Per Minute (GPM) packaged water systems; replacing storage Tank Number 1 with a new tank; increasing the capacity of Tank Number 2 to 135,000 gallons; and installing a solids handling system and two backwash reclaim tanks. Additional improvements include relocating the chlorine injection point; installing internal flow baffles in storage Tank Number 2; installing a corrosion inhibitor chemical feed system; installing a Supervisory Control and Data Acquisition system; and upgrading the treated water booster pump station. All work will occur within the existing footprint of the facility.

This is to advise that the Madera County has approved the above
(Lead Agency or Responsible Agency)

described project on July 16, 2019 and has made the following determinations regarding the above
(date)
described project.

- 1. The project [will will not] have a significant effect on the environment.
