Subject: SCH #20196076 – Addendum for MD1 Hidden Lakes SWTP Project

To Whom It May Concern,

On 5/23/2023, Madera County submitted an addendum document for a Mitigated Negative Declaration report (MND) that was adopted and filed through the State Clearinghouse in 2019. The MND report covers environmental impacts, mitigation measures, and a Mitigation Monitoring Reporting Plan (MMRP) for a proposed Surface Water Treatment Plant project located at Maintenance District – 1 Hidden Lakes (MD-1). The addendum that was submitted covers recent updates to the project, which include the following:

- Addition of Two Water Storage Tanks.
- Dedicated fill line starting from the SWTP site to the dual storage tank site.
- Expansion of the Area of Potential Effect (APE). APE now encompasses lot for storage tank site.
- Updated Mitigation Measures and MMRP covering additional scope of work items and expanded APE.

If you have any questions regarding the Addendum, please contact Raymundo Gutierrez at Madera County Public Works (559) 675-7811.

Sincerely,

Raymundo Gutierrez
