Regional Mixed Use

Project Description: (please use a separate page if necessary)

The California Department of Transportation (Caltrans) proposes to construct a new maintenance facility, in the City of Fontana. It would be built adjacent to and east of the Caltrans Southern Regional Laboratory (SRL), located at 13970 Victoria Street, Fontana, CA 92336, and the Inland Empire Transportation Management Center (IETMC) at 13892 Victoria Street. The site is approximately 15 acres in area. The northern portion (about 6.0 acres) is currently used as a renewable energy (solar panel) farm. The new maintenance facility would use 6.6 acres of the southern portion. The remainder of land would be reserved for future development.
