Finding: The Monte Vista Water District's decision to implement this proposed project is a discretionary decision or "project" that requires evaluation under the California Environmental Quality Act (CEQA). The District has prepared an Initial Study and Mitigated Negative Declaration to evaluate the project impacts and has concluded the project will not have any significant negative impacts on the environment upon implementation of the recommended mitigation measures.

Initial Study: Copies of the Initial Study and Mitigated Negative Declaration and related documents are available for public review at the Monte Vista Water District, located at 10575 Central Avenue, Montclair, CA 91763. The 30-day public review period for the Initial Study began July 2, 2019 and closed on July 31, 2019. Interested person or agency were to comment on this matter by submitting their written comments before July 31, 2019. Comments should be sent to Van Jew, Monte Vista Water District, 10575 Central Avenue, Montclair, CA 91763. For additional information, Mr. Jew may be contacted at (909) 267-2113 or at vjew@mvwd.org.

Mitigation Measures: All mitigation measures identified in the Initial Study are summarized on pages 82-87 and are proposed for adoption as conditions of the project. These measures will be implemented through a mitigation monitoring and reporting program if the Mitigated Negative Declaration is adopted.
