**Re: Submission of Initial Study/Mitigated Negative Declaration
Prepared for the East Sand Slough Side Channel Project**

As CEQA Lead Agency, the Resource Conservation District of Tehama County (RCDTC) submits 15 electronic copies of the Initial Study/Mitigated Negative Declaration and related appendices prepared for the **East Sand Slough Side Channel Project**. Also included in the electronic files is the **Summary for Electronic Document Submittal** and **Notice of Completion and Environmental Document Transmittal**. Fifteen (15) hard copies of the **summary form** and one copy of the **Notice of Completion** are included in the submittal package as well.

Your review and distribution of the CDs to review agencies would be most appreciated. Please give me a call at 530-727-1280 if you have questions or need clarification. I can also be reached via email at jon@tehamacountyrcd.org.

Thank You
