Project Description: (please use a separate page if necessary)

The City of Fresno is preparing the South Industrial Priority Area Specific Plan to facilitate opportunities for economic growth, job creation, and promote development of underutilized lands within the planning area. The proposed project would establish a planning framework to facilitate and guide future development within the 6,150-acre planning area through the year 2040. The planning framework is comprised of previously adopted goals and policies from the Roosevelt Community Plan (1992), City of Fresno General Plan (2014), and Southwest Fresno Specific Plan (2017). No land use/zoning changes or development are currently proposed. Future development would be required to comply with the proposed specific plan, as well as existing General Plan Land Use designations and Zoning Districts within the planning area.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
