Reasons why project is exempt:

This project will involve the installation of a solar energy system on the roof of an existing building and pursuant to Pub. Res. Code § 21080.35 is exempt from CEQA. The materials will enable the generation and use of solar photovoltaic. The system will be installed at a vegetable and grain farm in Yolo County. Associated equipment will not occupy more than 500 square feet of ground surface.

The project does not involve a federal Clean Water Act permit; waste discharge requirements under Porter-Cologne Water Quality Control Act; individual take permit; streambed alteration permit; or removal of specific required or native trees. For these reasons, this project is statutorily exempt from CEQA under Pub. Res. Code § 21080.35.

This project will involve the installation of two electric vehicle chargers near a barn in Yolo County. The chargers will serve electric vehicles. These two installations will be a minor alteration to an existing parking lot with no expansion beyond the existing of the agricultural operation and will not have significant effect on the environment. The project falls under categorical exemption listed in 14 CCR section 15301.

Each exemption is an independent basis for finding the project exempt.
