Project Title: Garcia Bend Boat Ramp Annual Silt Removal Long Term Routine Maintenance Agreement (Streambed Alteration Agreement No. 1600-2019-0069-R3).

Project Location: The project is located at the Garcia Bend boat ramp on the Sacramento River, in the County of Sacramento, State of California; Latitude 38°28'41.03" N, Longitude 121°32.36.25" W.

Project Description: The California Department of Fish and Wildlife has executed Streambed Alteration Agreement number 1600-2019-0069-R3, pursuant to Section 1602 of the Fish and Game Code to the City of Sacramento Park Operations Department, as represented by Shannon D. Brown.

The project is limited to annual routine sediment removal from the concrete portion of the boat launch ramp at Garcia Bend Park. Up to 200 cubic yards of sediment over an approximately 6 feet by 121.6 feet area, or 0.02 acres, will be removed once a year. A front-end loader or excavator with a clamshell attachment will be used to conduct the sediment removal. Sediment will be removed from the boat launch and deposited in a bermed area on the landside of the park site to dewater. Once the sediment is dewatered it will be disposed of at an appropriated disposal site. A silt curtain will be placed as a barrier to control turbidity during project activities. Turbidity monitoring will also be conducted during project activities.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying Out Project: City of Sacramento Park Operations Department

Exempt Status:

Categorical Exemption. Type – Class 1; California Code of Regulations, title 14, section 15301

Reasons why project is exempt: The project consists of the maintenance of an existing public structure involving no expansion of existing use.
