SMAT Bus Yard Backup Generator, SP2019-0008

Project Title

1301 Fairway Drive, Santa Maria, Santa Barbara County

Project Location (City and County)

Construction of new backup generator installation, including electrical supply and pad, sawcutting, trench fill, compaction, AC patching, concrete curb and sidewalk repair. Install new generator pad and footings per soils report and structural design up to 8'x8'x8' thick reinforced 3500 psi with 12" footings. Install a 250 kw generator with a 24 hour run time tank and 400 AMP ATS.

Project Description

City of Santa Maria

Public Agency Approving Project

City of Santa Maria

Entity Carrying Out Project

Exempt Status (Check One):

Ministerial (Sec. 15073)

Declared Emergency (Sec. 15071(a))

Emergency Project (Sec. 15071(b) and (c))

Categorical Exemption

Class: 1 **Sec.:** 15301

Reason why project is exempt:

The backup generator installation project at 1301 Fairway Drive involves adding mechanical equipment to provide back-up emergency power for an existing regional transit facility. The work consists of exterior alterations to an existing facility without expanding the existing uses, which qualifies for the "existing facilities" exemption under CEQA.
