SCH # 2019079095 Contact: William Patterson

Project Title: Phase III A-2 Transmission Main, Valley View Mobile Home Park Water Consolidation Project

Project Location: Thermal Riverside  
*City* *County*

Explain "exceptional circumstances" (CEQA, Section 15205(d)) for requesting a shortened review. Identify which of the 5 criteria in Appendix K are met for this project.

The circumstance under which CVWD is requesting a shortened review period for this project is Criterion No. 2 from the State CEQA Guidelines, which states, "The public project applicant is under severe time constraints with regard to obtaining financing or exercising options which cannot be met without shortening the review period."

CVWD is completing this Subsequent MND using California Department of Water Resources grant funds. Per the grant agreement, the Subsequent MND and associated costs must be incurred no later than March 31, 2022. In order to finalize the Subsequent MND prior to March 31, 2022, CVWD is requesting a public review period of 20 days.

List responsible and trustee state agencies with contact person, phone number and date of consent for the shortened review, as well as any agencies that have commented on the project (attach additional pages, if necessary):

Responsible Agency: State Water Resources Control Board  
Contact person: Kristen Way, Environmental Scientist. Contact information: Kristen.Way@Waterboards.ca.gov  
Date of approval of shortened review period: January 6, 2022 (via phone to Lindsey Wilcox, Woodard & Curran project manager)

As designated representative for the lead agency, I verify, in their behalf, that there is no "statewide, regional, or areawide significance" to this project.

Length of review being requested: 20 days

2-17-2022 William Patterson
