Description of Project: BV Nose 355-O-14H new drill: CREH is proposing to drill an oil/gas well within the Buena Vista Nose Oilfield. The proposed project involves the drilling of a new well, completing at various intervals, and installing facilities shown on the attached site plan. This well will require DOGGR SB-4 permitting (SDS's attached); drilling activities will be sumless and the estimated well depth will be up to 12,000 ft (MD). After initial drilling and completions activities, CREH may complete additional downhole work as approved by DOGGR. The proposed new well will be located within the existing multi-well pad, previously permitted through Kern County; refer to site plan for individual PLN numbers.
