in Compliance with Section 21108 or 21152 of the Public Resource Code.**

State Clearinghouse Number:

Project Title: Design & Innovation Building
Project Location: University of California, San Diego (San Diego County)

Project Description: The proposed project would construct approximately 71,200 gross square feet (GSF) of new space for multidisciplinary instruction and research in design, innovation and entrepreneurship. The new facility would encourage collaboration and become a "home base" for design and innovation activities which are currently distributed across the campus in different locations. The building would facilitate a range of activities critical to design and innovation, studio learning, collaboration, research, ideation, experimentation, physical making and engagement. A local serving café with outdoor seating including tables and chairs would be located on the first floor, and an outdoor area with publicly accessible terrace areas would be located on the second floor which will allow for interior activities to spill out and engage the surrounding landscape/hardscape areas. The building would be located between the Structural and Materials Engineering Building on the west campus south of Voigt Drive and west of Lyman Lane.

This is to advise that the University of California Lead Agency has approved the above described project on June 25, 2019 and has made the following determinations regarding the above described project:

1. The Project would have no impact or a less than significant impact on the environment.
2. Addendum #2 to the UC San Diego 2018 Long Range Development Plan (LRDP) Environmental Impact Report (EIR) was prepared for this project pursuant to the provisions of CEQA.
3. Relevant mitigation measures from the 2018 LRDP EIR mitigation measures will be monitored and reported pursuant to the 2018 LRDP EIR's Mitigation Monitoring and Reporting Program.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final Addendum and record of project approval is available to the general public at: University of California, San Diego, Campus Planning Office, 9500 Gilman Drive, Mail Code 0074, La Jolla Ca, 92093-0074, Attn: Alison Buckley, (858) 534-4464.
