

## **Appendix J: Tribal Consultation Correspondence**

## Appendices

*This page intentionally left blank.*

1. The results of any record search that may have been conducted at an Information Center of the California Historical Resources Information System (CHRIS), including, but not limited to:
  - A listing of any and all known cultural resources have already been recorded on or adjacent to the APE, such as known archaeological sites;
  - Copies of any and all cultural resource records and study reports that may have been provided by the Information Center as part of the records search response;
  - Whether the records search indicates a low, moderate or high probability that unrecorded cultural resources are located in the APE; and
  - If a survey is recommended by the Information Center to determine whether previously unrecorded cultural resources are present.
2. The results of any archaeological inventory survey that was conducted, including:
  - Any report that may contain site forms, site significance, and suggested mitigation measures.  
  
All information regarding site locations, Native American human remains, and associated funerary objects should be in a separate confidential addendum, and not be made available for public disclosure in accordance with Government Code Section 6254.10.
3. The result of the Sacred Lands File (SFL) check conducted through the NAHC was negative.
4. Any ethnographic studies conducted for any area including all or part of the APE; and
5. Any geotechnical reports regarding all or part of the APE.

Lead agencies should be aware that records maintained by the NAHC and CHRIS is not exhaustive, and a negative response to these searches does not preclude the existence of a tribal cultural resource. A tribe may be the only source of information regarding the existence of a tribal cultural resource.

This information will aid tribes in determining whether to request formal consultation. In the event, that they do, having the information beforehand well help to facilitate the consultation process.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we can assure that our consultation list remains current.

If you have any questions, please contact me at my email address: [steven.quinn@nahc.ca.gov](mailto:steven.quinn@nahc.ca.gov).

*A California Indian Tribe historically known as San Gabriel Band of Mission Indians*

TRIBAL CULTURAL RESOURCES AB52/SECTION 106 CONSULTATION  
GABRIELINO TONGVA TRIB

Linda Candelaria  
Co-Chairwoman Gabrielino Tongva Tribe

October 6, 2019

Attention:  
Planning Division  
City of Brea

This letter is to inform the City of Brea that the Gabrielino Tongva Tribe will be actively participating in the tribal consultation process. Our cultural resource representative will be Sam Dunlap (Email: TongvaTCR@gmail.com, Mobile: (909) 262-9351). The Gabrielino Tongva Tribe has authorized Sam Dunlap to act on our behalf in the government to government consultation process.

The Gabrielino Tongva Tribe would like to express our ongoing concerns with the AB52/Section 106 consultation process that the Gabrielino Tongva Tribe has encountered over the last few years. The Gabrielino Tongva Tribe has ancestral ties and cultural affiliation to the city's jurisdictional area. We therefore have a vested interest in the AB52 and Section 106 consultation process with the City of Brea.

The City of Brea should be aware that the State of California's Native American Heritage Commission (NAHC) maintains a list of culturally affiliated Gabrielino Tongva Tribes for your area for a reason. It has been our experience as one of the designated Gabrielino Tongva Tribes that several cities within our tribal territory have been misled into believing that one particular Gabrielino tribe has sole jurisdiction over another. This particular issue is being carried out by a recently formed (2008) tribal group that has managed to abuse the AB52 process for their own benefit.

The AB52/Section 106 consultation process enables our Tribe to have an equal opportunity in future mitigation measures that the City of Brea may implement that affect Tribal Cultural Resources (TCR's), the Tribe would prefer to see language that enables our presence on site during ground disturbance/excavation activity so that we may identify and assess the significance of any Tribal Cultural resource that may be encountered.

The Gabrielino Tongva Tribe looks forward to cooperating with the City of Brea as an equal partner in determining a rational approach to environmental compliance and establishing a fair and equal protocol for our tribal participation.

Sincerely,

Linda Candelaria  
Co-Chairwoman  
Gabrielino Tongva Tribe

Linda Candelaria, Councilwoman  
Jerry Maldonado, Councilman

Vincent Holguin, Councilman  
Charles Alvarez, Councilman  
Jane Hussey, Councilwoman

TO: FILE for Brea Mall Mixed Use Project  
FROM: Jessica Magaña, Associate Planner  
DATE: October 10, 2019  
RE: GABRIELENO BAND OF MISSION INDIANS – KIZH NATION

A conference call was conducted on October 10, 2019 at 11:00 am with Matt Teutimez and Andrew Salas of the Gabrieleno Bands of Mission Indians – Kizh Nation, with City Planning representatives Maribeth Tinio and Jessica Magaña.

Mr. Teutimez and Mr. Salas stated that the Brea area is within their ancestral territory. Regarding the project site, they inquired about development history at the Brea Mall and told us the site may have tribal culture resources because its proximity to Imperial Highway, which was a route for travel and an important trade corridor. They stated that burial sites were often along travel corridors and trade routes. They stated the desire to protect cultural resources and find artifacts which may be buried.

They indicated they would like to obtain any soil reports that may have been previously conducted for the site and would like to review future soil reports to determine the current soil conditions and potential disturbances on the site. If limited information is provided in the soil reports they would like to provide recommended mitigation language for the City to consider.

The City said that they would provide them with any soil reports on file and would work with them to review appropriate mitigation, if any. The City thanked them for the information and said we will keep the tribe updated on the project.
