State Clearinghouse Number: 2019089103
Project Title: Lee Lake Wells Project
Project Applicant: Elsinore Valley Municipal Water District (EVMWD)
Specific Project Location: The project is located in the City of Lake Elsinore on Temescal Canyon Road, east of Interstate Highway 15 and approximately 1,000 feet south of the Temescal Canyon Road/Horsethief Canyon Road intersection. The project site is within Assessor's Parcel Number 393-130-001 (Coordinates 33.739336°N 117.423761°W).
General Project Location (City and/or County): The proposed project is located within western Riverside County, California.
Project Description: The project includes two up-to-140-foot-deep, 400-gallon-per-minute wells and a centralized disinfection facility and a booster pump station. The raw water piping would be routed from the wells to a centralized disinfection facility located approximately 300 feet from each well site. The centralized disinfection facility would be in undeveloped land southeast of former dairy/cattle yard remnants on the project site. A new booster pump station would convey treated water into EVMWD's Temescal Valley Pipeline. The Temescal Valley Pipeline is a transmission pipeline in Temescal Canyon Road, which runs adjacent to the project site.
