

# Sample Summary for Electronic Document Submittal

15 copies of this document may be included when a Lead Agency is submitting electronic copies of environmental impact reports, negative declarations, mitigated negative declarations, or notices of preparation to the SCH. The SCH will still accept other summaries, such as an EIR summary prepared pursuant to CEQA Guidelines Section 15123, attached to the electronic copies of the document.

Lead Agency: City of Canyon Lake

Project Title: Housing Element Update

Project Location: Canyon Lake Riverside  
*City* *County*

Please provide a Project Description (Proposed Actions, location, and/or consequences).

This is a proposed update to the City's Housing Element for the 5th Cycle, Years 2013 to 2021. This is a City-Wide policy document that enumerates a variety of policies and programs to further residential development and meet identified housing needs. No land use changes are proposed or necessary as part of the Housing Element update. The policies and programs are similar to those existing in the current 4th Cycle Housing Element, since existing needs and conditions are similar to those at the time the past document was prepared and certified.

Please identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No significant or potentially significant effects were identified and no mitigation measures are required. No land use changes are proposed nor necessary.

If applicable, please describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No environmental issues have been raised. Concerns have been expressed about the identified housing need and the fact the document was not prepared and adopted at the required time for 5th Cycle Housing Elements.

Please provide a list of the responsible or trustee agencies for the project.
