DETERMINATION FORM (rev. 06/2022)**

Project Information

Project Name (if applicable): El Dorado to Clinton Rehabilitation

DIST-CO-RTE: 06-FRE-99

PM/PM: 21.2/24.4

EA: 06-0W800

Federal-Aid Project Number: 0617000306

Project Description

Utility potholing is required in the Roeding Park area to identify potential conflicts for the proposed Roeding Park Pedestrian overcrossing. It is anticipated that 15-20 potholes will be performed within the project area. Utility potholing will consist of the use of a vacuum truck to perform non-destructive excavation to expose the utilities at various locations, which will allow for positive identification and location information gathering for design purposes. Utility potholes will be ±2-ft in diameter and will be backfilled with a self-consolidating backfill. Areas where existing hardscape improvements need to be removed to perform the potholing will be restored to existing or better condition.
