Project Description: (please use a separate page if necessary)

Construction of a new groundwater production well to be housed within an approximate 600-square-foot building and associated discharge pipeline to connect the well to the Three Valleys Municipal Water District (TVMWD) Miramar Treatment Plant located at 1021 E. Miramar Avenue. The purpose of the project is for TVMWD to produce approximately 700 to 800 acre-feet per year (AFY) of groundwater for the purpose of increasing local water supplies and improving overall water supply reliability.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
