Project Description for the  
Interstate 580 Safety Lighting and Power Supply  
Installation Project  
(EA 04-0K680, Project Number 0416000125)

The California Department of Transportation (Caltrans) proposes to construct the Interstate 580 (I-580) Safety Lighting and Power Supply Installation Project to improve existing roadway conditions and enhance traffic safety on the Altamont Pass. This will be accomplished by installing lighting along eastbound I-580 from West Grant Line Road Undercrossing to North Flynn Road Overcrossing near the City of Livermore in Alameda County (Postmile [PM] R1.3 to PM R6.0). The project will also install new power poles and electrical vaults on the southern side of the same expanse of I-580 (PM R1.3 to PM R6.0) to supply power for the lighting.

The lighting pole foundations, necessary pull boxes, trench excavations, trenching, and subterranean conduit are currently being completed as part of the I-580 Pavement Rehabilitation Project.
