State-owned; adjacent agricultural zone

Project Description: (please use a separate page if necessary)

DWR is proposing to repair and upgrade the existing cap at the Old Banks Landfill to address concerns related to landfill debris exposure raised by the Contra Costa County Health Department (CCCHD). These concerns will be addressed by confining the Landfill materials and preventing the Landfill contents from being exposed by rodent activities, as well as improving surface drainage, and minimizing the need for future maintenance. Project activities include placing fill soil material on the Landfill crown to bring the site to grade, placing a commercially available rodent control barrier material, and placing a surface layer on top of the rodent control barrier.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
