SCH# 2019100562

Prior to determining whether an Environmental Assessment or an Environmental Impact Statement (EIS) is required for a project under NEPA, a NEPA Lead Agency is required to consult with all responsible and trustee agencies. This notice and attachment fulfill the advance notification requirement. Recommendations on the appropriate type of environmental document for this project, as well as comments on its scope and content, should be transmitted to the NEPA Lead Agency at the address below. You do not have to be a responsible or trustee agency to comment on the project. All agencies are encouraged to comment in a manner that will assist the NEPA Lead Agency to prepare a complete and adequate environmental document.
