RE: **American Tin Cannery (ATC) Hotel and Commercial Project** - Request for Executive Summary of the EIR Determination of Significant Adverse Impacts, Findings and Project Alternatives

Dear Rob; and Anastazia:

Certainly, this complex project is worthy of a comprehensive executive summary of the significant adverse impacts, cumulative impacts and unmitigated impacts, reasonable projects alternatives and findings. The City Boards, Commissions and Council deserve a summary of the environmental impacts, etc.; as well as the Coastal Commission and public.

Please make this information available before the Architectural Review Board hearing on this matter.

Sincerely, *Tony Ciani*

Governor's Office of Planning & Research
