

CITY OF LOS ANGELES
DEPARTMENT OF CITY PLANNING
CITY HALL 200 NORTH SPRING STREET LOS ANGELES CA 90012
Notice of Preparation
OF ENVIRONMENTAL IMPACT REPORT

November 25, 2019

CASE NO.: ENV-2019-2732-EIR

PROJECT NAME: Hyde Park Multi-Family Project

PROJECT APPLICANT: Jeff Greene

PROJECT ADDRESS: 3100-3158 W. Slauson Avenue, 5809-5835 S. 8th Avenue, and 3101-3153 W. 59th Street, Los Angeles, CA 90043

COMMUNITY PLANNING AREA: West Adams – Baldwin Hills- Leimert Community Plan Area

COUNCIL DISTRICT: 8 – Harris-Dawson

PUBLIC COMMENT PERIOD: November 25, 2019 through to December 27, 2019

SCOPING MEETING: December 11, 2019

The City of Los Angeles (City) intends to prepare an Environmental Impact Report (EIR) for the proposed Hyde Park Multi-Family Project (Project). In accordance with Section 15082 of the California Environmental Quality Act (CEQA) Guidelines, the City has prepared this Notice of Preparation to provide the public, nearby residents and property owners, responsible agencies, and other interested parties with information regarding the Project and its potential environmental effects. The EIR will be prepared by outside consultants under the supervision of the City of Los Angeles, Department of City Planning.

The City requests your written comments as to the scope and contents of the EIR, including mitigation measures or project alternatives to reduce potential environmental impacts from the project. Comments must be submitted in writing according to directions below. If you represent a public agency, the City seeks written comments as to the scope and content of the environmental information in the EIR that are germane to your agency's statutory responsibilities in connection with the project. Your agency may need to use the EIR prepared by the City when considering your permit or other approval for the project.

PROJECT LOCATION AND EXISTING ON-SITE USES: The Project Site consists of three lots in two parcels associated with Assessor Parcel Numbers 4005-005-001 and 4005-005-002. The Project Site is located at 3100-3158 W. Slauson Avenue, 5809-5835 S. 8th Avenue, and 3101-3153 W. 59th Street, in the West Adams – Baldwin Hills- Leimert Community Plan area in the City of Los Angeles (the Project Site). The relatively flat Project Site is approximately 346,890 square feet (7.96 acres) in size and bound by Slauson Avenue and multi-family residential to the north, 8th Avenue and commercial and multi-family residential to the east, 59th Street and multi-family residential to the south, and commercial shopping center uses to the west. The Project Site is developed with approximately 187,013 square feet of existing multi-family residential buildings (206 units).

PROJECT DESCRIPTION: The Project would demolish the existing 187,013 square feet of existing multi-family residential buildings (206 units) on the Project Site in order to construct a new three (3) to seven (7) story, maximum 78-foot high residential building providing up to seven levels of residential units above a single-level concrete subterranean parking structure. The Project proposes a total of 782 residential units,

Existing Uses to be Removed

Existing Uses	Size
Residential Land Uses	
Residential	206 units
Total Residential	206 units (187,013 sf)

Proposed Uses

Proposed Uses	Maximum Size
Residential Units	
<i>Studio</i>	66 units
<i>1-bedroom</i>	417 units
<i>2-bedroom</i>	284 units
<i>3-bedroom</i>	15 units
Total Units	782 units (851,404 sf)
Parking Spaces	
<i>Subterranean</i>	694
<i>Ground</i>	6
Total Parking Spaces	700
<i>Bicycle Parking – Long Term</i>	271
<i>Bicycle Parking – Short Term</i>	27
Total Bicycle Storage	298
Open Space	
Total Open Space	86,700 sf
<i>Source: HKS, 2019.</i>	

including 66 studio apartments, 417 one-bedroom apartments, 284 two-bedroom, and 15 three-bedroom apartments. Of the 782 residential units proposed by the Project, the Project would provide a total of 147 affordable housing units (87 Extremely Low Income, 21 Very Low Income, and 39 Low Income units). The units range in size from 576 square feet (studio) to 1,472 square feet (three-bedroom apartment).

REQUESTED PERMITS/APPROVALS: The project applicant is requesting the following entitlements from the City of Los Angeles:

- 1) Pursuant to LAMC Section 12.22 A.31, a Transit Oriented Communities Affordable Housing Incentives Project.. By providing 147 affordable housing units (87 Extremely Low Income, 21 Very Low Income, and 39 Low Income units) within a Tier 4 incentive area, the Project qualifies for Base Incentives to allow an 80-percent density increase from 433 to 782 units and decreased vehicular parking from 1,290 to zero spaces (no parking spaces are required by the Tier 4 TOC regulations, but the Project would provide approximately 700 vehicular parking spaces). The Project located within Tier 4 qualifies for three Additional Incentives from the Menu of Incentives found in the TOC Guidelines. In this case, the Applicant has elected to request the following one (1) incentive, only:

- a) Height increase to allow a maximum height of 78 feet instead of the otherwise required 45 feet, including a 15-foot setback at 45 feet in height.
- 2) Pursuant to LAMC Section 16.05, a Site Plan Review for the proposed development that results in a net increase of more than fifty dwelling units;
- 3) Demolition, grading, excavation, and building permits;
- 4) Tree removal permit;
- 5) Other discretionary and ministerial permits and approvals that may be deemed necessary, including, but not limited to, haul route permit, temporary street closure permits, grading permits, excavation permits, foundation permits, building permits, and sign permits; and
- 6) Community Redevelopment Agency (CRA/LA)/Department of City Planning or Successor Agency permit approval for a project within the Crenshaw/Slauson Redevelopment Project Area.

POTENTIAL ENVIRONMENTAL EFFECTS OF THE PROJECT: Based on an Initial Study, the proposed project could have potentially significant environmental impacts in the following topic areas, which will to be addressed in the EIR: Air Quality, Cultural Resources (Historical Resources), Energy (Electricity and Natural Gas), Greenhouse Gas Emissions, Land Use and Planning, Noise, Population and Housing, Public Services (Police Protection and Fire Protection), Transportation and Traffic, Tribal Cultural Resources, and Utilities and Service Systems (Water and Wastewater).

PUBLIC SCOPING MEETING: Public Scoping Meeting will be held in **an open house format** to share information regarding the Project and the environmental review process and to receive written comments regarding the scope and content of the environmental analysis to be addressed in the EIR. City staff, environmental consultants, and project representatives will be available, but no formal presentation is scheduled. You may stop by at any time between 6:00 P.M. and 8:00 P.M. to view materials, ask questions, and provide written comments. The City encourages all interested individuals and organizations to attend this meeting. There will be no verbal comments or public testimony taken at the Scoping Meeting. No decisions about the Project will be made at the Scoping Meeting. A separate public hearing for Municipal Code entitlement requests will be scheduled after the completion of the EIR. The date, time, and location of the public scoping meeting are:

Date: Wednesday, December 11, 2019

Time: 6:00 P.M.–8:00 P.M.

**Location: People’s Independent Church of Christ
5856 West Boulevard
Los Angeles, CA 90043**

Parking is available on site and is located off of West Boulevard

FILE REVIEW AND COMMENTS: The enclosed materials reflect the scope of the project. The environmental file is available for public review at the City of Los Angeles, Department of City Planning, 221 N. Figueroa Street, Room 1350, Los Angeles, CA 90012, during office hours Monday - Friday, 9:00 A.M. - 4:00 P.M. A copy of this notice and the Initial Study prepared for the project may be viewed with the environmental file or online at <https://planning.lacity.org/development-services/eir> by clicking “Notice of Preparation”.

The City will consider all written comments regarding the potential environmental impacts of the project and issues to be addressed in the EIR. **Written comments must be submitted to this office by 4:00 pm, December 27, 2019.**
