Project Title: Bradley Road Bridge Scour Repair Project

Project Applicant: Monterey County RMA Public Works & Facilities

Project Location (include county): N of Monterey Co/San Luis Obispo Co border, W of town of Bradley

Project Description:

The proposed Bradley Road Bridge Scour Repair Project would repair and protect four bridge piers, which are currently exposed and being undermined due to ongoing scour. The existing bridge is approximately 1,668 ft long by 27 ft wide and spans the Salinas River. The bridge is a 24-span steel truss and concrete girder bridge with 23 concrete piers and 2 concrete abutments. The proposed project would install cast-in-drilled-hole (CIDH) piles and retrofit of the damaged pier footing caps.

This is to advise that the Monterey County RMA Public Works & Facilities has approved the above (Lead Agency or Responsible Agency)

described project on 3/24/2020 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

RMA - Public Works & Facilities, 1441 Schilling Place, 2nd Floor, Salinas, CA 93901
