CONCURRENCE WITH RELEASE OF SMARA FINANCIAL ASSURANCES  
WYROC LAKE STREET QUARRY (CA MINE ID# 91-33-0015)  
CITY OF LAKE ELSINORE

Dear Ms. Purvis,

The Department of Conservation's Division of Mine Reclamation (Division) received documents regarding the Wyroc Lake Street Quarry on June 03, 2019, from the City of Lake Elsinore Public Works Department (City), submitted pursuant to California Code of Regulations (CCR), Title 14, Section 3805.5(a). The City has requested review of the submitted documents under the applicable provisions of the Surface Mining and Reclamation Act (SMARA).

The documents submitted by the City include:

- A letter from the City (May 28, 2019) stating that the site has been reclaimed and is suitable for imminent development. The City also requested a review of the submitted documents under the applicable provisions of SMARA.
- A financial assurance cost estimate (May 30, 2019) indicating zero costs remain for reclamation of the site.
- A Notice of Completion of Inspection and a surface mining inspection report (inspection conducted on December 19, 2018).

Division staff reviewed the City's submittal and the associated mine file and concurs with the City's assessment that the mined lands have been substantially reclaimed pursuant to the approved reclamation plan and SMARA financial assurances may be released in accordance with Public Resources Code Section 2773.1(c).

Ms. Dina Purvis
