State Right of Way

**Project Description:** *(please use a separate page if necessary)*

Caltrans proposes to construct an accessible pathway on State Route 152 by widening the existing shoulder on the eastbound side of Corralitos Creek Bridge. The proposed accessible pathway would also consist of constructing a concrete barrier rail and a sidewalk along the slope just north of the bridge, curb and gutter, Americans with Disabilities Act-compliant curb ramps, upgraded Metal Beam Guard Rail and drainage features. The sidewalk would extend from the U.S. Army Corps of Engineers flood control levee path just south of Corralitos Creek Bridge northward to the southeast corner of the intersection at State Route 152 and College Road. Temporary construction easements would be required for construction, and temporary utility relocation would be required for a gas and water line that run along the eastbound shoulder of State Route 152 and across the creek through bridge.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
